Premium Convenience Cocktail with low alcohol content

Do not shake. Drink chilled straight from the can or pour over Ice and enjoy from the Cocktail Glass.

White peach purée, and Prosecco – possibly the only thing more charming than the taste of the Bellini is the sparkling cocktail's story. The first Bellini was poured in the summer of 1948 by Giuseppe Cipriani, founder and barman of the legendary Harry's Bar in Venezia. Located just off the Grand Canal, the iconic bar was frequented by the likes of Humphrey Bogart, Truman Capote, and Ernest Hemingway.

Big Apple

Recommended Use:

Premium Low-Alcohol Convenience Cocktail.

Do not shake. Drink chilled straight from the can or pour over Ice and enjoy from the Cocktail Glass.

The Long Island Iced Tea was popularized in the 1970s and remains a beloved drink. It's possible the cocktail was born out of Prohibition, when thirsty scofflaws wanted to disguise their booze.

It's also possible the drink sprung up in the '70s at a bar in Long Island, or maybe at a TGI Friday's.

Mai Tai

RTD Convenience Cocktail

Recommended Use:

Premium Low-Alcohol Convenience Cocktail.

The perfect cocktail, a classic. Shake chilled in the can.
Drink directly from the can or pour over ice and enjoy from the glass.

The Mai Tai is the quintessential torch bearer of Tiki, and its flagship drink. It made its flowery foray into American culture between the 1930s and 1950s, thanks to tropical-minded entrepreneurs like Ernest Raymond Beaumont Gantt (a.k.a. Donn Beach) and Victor Jules Bergeron (a.k.a. Trader Vic). Then, it suffered some ill use in the 1980s and 1990s, which saw its once pristine amalgamation of rums, orange liqueur, lime juice, orgeat and simple syrup befouled by the inclusion of fruit juices and artificial sweeteners. Luckily, the later part of the 2000s saw a Tiki revival that restored the cocktail to its once noble heights.

Piña Colada

RTD Convenience Cocktail

Premium Low-Alcohol Convenience Cocktail.

The perfect cocktail, a classic. Shake chilled in the can.
Drink directly from the can or pour over ice and enjoy from the glass.

As the story goes, the Piña Colada debuted in 1952, when it was first mixed by Ramon Marrero Perez, the head barman at the Caribe Hilton in Old San Juan, Puerto Rico. Perez had blended up a winner, and the tropical drink enjoyed its place in the sun for decades, finding its way to American shores and faraway isles.

Recommended Use:

Premium Low-Alcohol Convenience Cocktail.

The perfect cocktail, a classic. Shake chilled in the can.
Drink directly from the can or pour over ice and enjoy from the glass.

The Tequila Sunrise cocktail, with its bright striations of color, evokes a summer sunrise. This classic drink has only three ingredients - Tequila, grenadine and orange juice - and is served unmixed to preserve the color of each layer. The Tequila Sunrise was created in the early 1970s by Bobby Lozoff and Billy Rice at the Trident bar in Sausalito, California. The cocktail achieved notoriety after Mick Jagger tasted it at a party to kick off The Rolling Stones' 1972 tour. The band began ordering it at stops across the country, and even dubbed the tour "the cocaine and Tequila Sunrise tour," which helped to propel the drink's popularity.

Artificial Colors & Flavors: No

Recommended Use:

Premium Low-Alcohol Convenience Cocktail.

Silver tequila, strawberry liqueur, lime juice, the perfect cocktail, a classic. Shake well in the can. Drink straight from the can or pour over ice and enjoy from a glass.

The Strawberry Margarita is one of the most popular cocktails in North America for good reason. By combining lime flavor and the sweetness of orange liqueur and strawberry flavor with the distinctive strength of tequila, the Strawberry Margarita hits just the right notes. However, the origin of the drink is less certain.
